Looking Forward With Optimism

# Hello & Welcome

---

## Dear **TauSadi Family**

---

As we conclude the initial quarter of 2024 and the 2023/24 fiscal year, we reflect on a time of significant growth and outstanding progress. This period has been a transformative phase for TauSadi, highlighted by strategic growth and strengthened community relationships.

## Year-End **Reflections** and **Achievements**

---

As our financial year comes to an end, we are proud of our accomplishments and the robust foundation we have established for ongoing enhancement. Our commitment to operational superiority and environmental conservation continues to lead our initiatives and set new standards in the industry.

# Our Achievements

---

## Innovative Optimisation Projects

---

Komatsu D65EX  
18 large crawler dozer

This quarter, our commitment to enhancing operational efficiency saw significant advancements:

### Addition of a New Dozer:

---

We strategically deployed an additional dozer to our fleet, focusing on optimising the tipping area. The older dozer now focuses solely on improving conditions at the loading site. This specialisation ensures efficient face preparation without negatively impacting the conditions in the tipping area, preserving machine integrity and reducing undercarriage damage.

### New Diesel Bowser:

---

Recognizing the critical need to maintain uninterrupted operations, we added a new diesel bowser to our fleet. This addition is vital for minimising machine downtime due to fuel shortages, ensuring our operations run smoothly and efficiently. The availability of fuel on-site eliminates potential delays and maximises productivity, reflecting our proactive approach to logistical challenges.

# Putting You First

---

## Strengthening **Community** Bonds

---

Our engagement with the communities we serve has been both profound and meaningful. Our initiative to provide eye testing and spectacles to 22 community members, in collaboration with a local optometrist in Ogies, demonstrates our commitment to making a real impact in people's lives while supporting local businesses.

## **Empowering** Our Workforce

---

TauSadi attributes its success to our dedicated employees, whose growth and empowerment are central to our mission. We are committed to their professional development through rigorous training, mentorship, and a strong emphasis on diversity within our workplace. These initiatives have led to significant achievements, such as career advancement for current staff and seamless integration of new interns. We recently welcomed three mechanical interns and one finance intern, providing them with the hands-on training necessary for obtaining their respective trade certificates and diplomas. Additionally, a bursary recipient in mining has completed their

studies and is now participating in our graduate training program. Moreover, a senior employee is advancing their skills through a postgraduate diploma in business administration, two of our operators have received two promotions, reflecting their growing expertise and contributions to our company.

# Putting You First

---

## Unwavering Commitment to Safety **Safety**

---

We continue to uphold the highest safety standards, achieving a quarter with zero incidents and zero property damages. This outstanding record is a testament to the effectiveness of our safety protocols and the safety-conscious culture within our operations.

## **Appreciation** for Our Customers and Strategic Partners

---

We are immensely grateful to our customers and strategic partners for their continued trust and collaboration. Your support is crucial to our success and inspires us to push the boundaries of what we can achieve together.

# Looking Ahead

---

*Silindokuhle Sithole*

MD, TauSadi Mining and Engineering

## Looking Forward with Optimism

---

With the past year's achievements as our foundation, we are excited about the future. Our focus will remain on driving innovation, engaging with our community, and promoting sustainable growth. Thank you to everyone in the TauSadi family. Your hard work, dedication, partnership and passion are the driving force behind our success. Here's to another year of excellence and achievement!

Warm regards,

Silindokuhle Sithole

MD, TauSadi Mining and Engineering
